

# Application: OVPR-DtF-0003

Ben Franklin- test@upenn.edu

Discovering the Future Research Grant

## Summary

ID: OVPR-DtF-0003

## Applicant & Project Information

Completed - Feb 5 2019

## Applicant & Project Questions

### PI First Name

Ben

### PI Last Name

Franklin

### Academic Rank

Professor

### Campus Address

Address	555 Spring Lane
City	Philadelphia
State	Pennsylvania
Zipcode	19104
PI Phone Number	215-555-5555
PI Email Address	test@upenn.edu
School	Perelman School of Medicine

**Race**

Black (or African American)

**Gender**

Male

University Department of Primary Appointment	Neurology
--	-----------

**University Department of any Additional Appointments**

	University Department
Appointment #2	
Appointment #3	
Appointment #4	

**Business Administrator (BA) Information:**

BA Last Name	Lastname
BA First Name	Firstname
BA Email	test@upenn.edu
BA Phone	215-555-5555

**About Your Project:**

**PI Name: Ben Franklin**

**1. Project Title**

Test Title for a Grant Application

**2. Penn facility/location where awarded funds will be expended:**

location

**3. Are undergraduates participating in this proposal?**

Yes

**4. Is this a re-submission of a previously unfunded Discovering the Future proposal?**

No

**5. Does this proposed work include recent research results that are unanticipated or surprising?**

Yes

**Briefly describe how these validated or extended results would alter the current understanding, change the trajectory of a field of study, or establish a new topic of research.**

Test

**6. Is this a new concept that is original and exciting but lacks sufficient evidence to move toward acceptance in the field?**

Yes

**Briefly describe why this original and exciting and what new evidence from this research may propel this research toward broader acceptance?**

Test

**7. Is this a new combination of trans-disciplinary concepts that has the potential to open new avenues of inquiry?**

Yes

**Briefly describe the disciplines involved and the anticipated new areas of inquiry?**

Test

#### **Budget/Fund Use**

**PI Name: Ben Franklin**

**Project Title: Test Title for a Grant Application**

#### **1. Amount Requested:**

Grants funding is available up to \$200k. Grants will be targeted to discoveries that can make an impact on society through a commercialization pathway.

\$100,000

**2. Is any part of the budget of this proposal being used to fund (even partially) a postdoc?**

Yes

**3. Is any part of the budget of this proposal being used to acquire new equipment or instruments?**

Yes

**4. Have you applied for external funding for this proposed research?**

Yes

**If yes, was this funded?**

No

**If no, briefly describe the feedback given**

Test

Abstract & Summary

Incomplete

## Abstract/Summary

**PI Name: Ben Franklin**

**Project Title: Test Title for a Grant Application**

**Abstract: 200 words max**

Do not include your PI name or proposal title; it will automatically be included.

(No response)

**Summary: 200 words max**

Describe how the proposed research is a new discovery.

(No response)

Proposal

Incomplete

Instructions: Upload a single PDF document, maximum 3 pages. Use Times New Roman, size 12 font and one inch margins.

The goal of the program is to transition exciting new ideas to the point at which they can be sustained by other modes of support. Proposals will be evaluated based on:

- Scholarly merit, creativity, impact, and innovation
- Feasibility
- Significance of the research
- Prospects for eventual extramural funding,

Demonstrate how your research fits one or more of the following:

- Recent research results that are unanticipated or surprising and, if validated or extended, would alter the current understanding, change the trajectory of a field of study, or establish a new topic of research
- A new concept that is original and exciting but lacks sufficient evidence to move toward acceptance in the field
- A new combination of trans-disciplinary concepts that has the potential to open new avenues of inquiry

Include background, purpose, aims, methods used, work to be undertaken, and outlook for future (continued research). Please be mindful of the interdisciplinary backgrounds of the reviewers and make the proposals accessible to the readers.

BioSketch/CV

Incomplete

## Biosketch/CV

**PI Name: Ben Franklin**

**Project Title: Test Title for a Grant Application**

Education: Begin with baccalaureate or other initial professional education. For each, include:

- Institution and location
- Degree (if applicable)
- Field of study
- Completion date

(No response)

**Positions and employment history:**

(No response)

**Other experience and professional memberships:**

(No response)

**Honors:**

(No response)

**Publications:**

(No response)

 **Sponsored Support**  
Incomplete

**Sponsored Research Support**

**PI Name: Ben Franklin**

**Project Title: Test Title for a Grant Application**

Include: Current annual funding directly related to the proposed discovery, title, award amount, sponsor, grant period, pending applications (include notification of pending applications).

**Failure to provide an accurate description of other support available to the PI will disqualify this application from Discovering the Future Research Grant.**

**Current Support #1**

	Sponsor	Grant Type/#	Your Role	Award Start	Award End
Current:					
	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Amount:					

**Add another "Current Support" entry?**

(No response)

## Pending Support #1

	Sponsor	Grant Type	Date Submitted	# of Years Requested	Total \$ Requested	Comments	Add Another "Pending Support" Entry
							<b>X</b>

Budget Form

Incomplete

## Budget

**NOTE: Do NOT use commas when answering budget questions.**

**PI Name: Ben Franklin**

**Project Title: Test Title for a Grant Application**

- Allowable Costs- supplies, non-faculty salaries, and travel expenses related to the project.
- Faculty salaries are not allowable.
- Graduate tuition is not allowable.
- Equipment costs up to 100% of the budget may be eligible for funding, but requests must be justified in the application as essential to the research. In addition, if all or most of the budget is for equipment, the applicant must document that other resources will help cover the research. The review will focus not on the equipment being requested but on the scientific program to which it will be applied. Equipment requests for multiple user items will increase the likelihood of funding.
- Because not all projects can be funded fully you must prioritize budget items by order of importance.
- Fringe Benefits are calculated for FY19 full-time employees. Please use 9.7% to calculate part-time EBs.

	Non Faculty Personnel Name	Role on Project	Appt. Type (months)	% Effort on Project	Inst. Base Salary	Total Salary Requested (including EB)	Add a non-faculty Personnel
1							✘

Salary and Benefits Sub Total						0	
-------------------------------	--	--	--	--	--	---	--

	Equipment	Amount	Add Equipment
1			✘
Equipment Subtotal	0		

	Supplies (itemize by category)	Amount	Add Supply
1			✘
Supplies Subtotal	0		

	Other Expenses (itemize by category)	Amount	Add Expense Item
1			✘
Expenses Subtotal	0		

**Total Costs: \$0**

If you see "Error: Node not found," please double check that you have not included any commas in your \$ fields.

**Prioritization and Comments**

(No response)

## Certification

**PI Name: Ben Franklin**

**Project Title: Test Title for a Grant Application**

**How did you hear about this grant opportunity?**

**Responses Selected:**
